

ATLANTIS

VODNO MESTO

DOBRODOŠLI V VODNEM MESTU ATLANTIS

VODNO MESTO ATLANTIS je edinstvena in najnovejša pridobitev BTC Cityja, saj je ravno ATLANTIS razlog, da je BTC City s tem arhitekturnim in programskim dosežkom postal največje poslovno, nakupovalno, rekreativno-zabaviščno in kulturno središče v Evropi, ki ga letno obišče več kot 18 milijonov obiskovalcev.

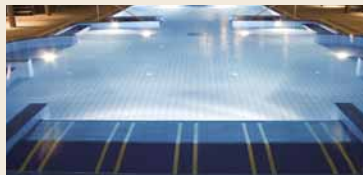

ATLANTIS je zasnovan kot vodni park z dodatno sprostitevno ponudbo za obiskovalce vseh generacij: od tistih, ki si želijo adrenalinske zabave, do tistih, ki potrebujejo umirjeno sprostitev. Trije tematski, med seboj povezani sklopi – SVET DOŽIVETIJ z otroškim delom, TERMALNI TEMPELJ in DEŽELA SAVN z različnimi dopolnilnimi dejavnostmi – so razlog, da je ATLANTIS pravo mesto za zabavno in sproščeno preživljanje prostega časa. Vsak tematski sklop ponuja drugačno arhitektonsko in vsebinsko podobo in ima določene posebnosti z namenom, da se približa obiskovalcu in mu omogoči prijetno vzdušje in počutje.

Avtor projekta ATLANTIS je nemški profesor gospod dr. Rudolf Wienands, ki mu je s strokovno pomočjo arhitektke, gospe Vere Lovrečič pri izvedbi projektne dokumentacije uspelo zasnovati enkratno arhitekturno celoto. V njej je estetika povezana z uporabnostjo in izraža avtorjevo širino, ljubezen do lepote prostora in spoznanje, da ljudje vse bolj potrebujemo gibanje, sprostitev in beg iz vsakdanjih obveznosti.

V ATLANTISU se razgibano prepletajo različni tematski sklopi, tako v zunanjem kot notranjem predelu. Vsak tematski sklop ima svoje zgodbe, ki so vpete v čudovito kombinacijo umetne in naravne svetlobe ter naravnih elementov, zlasti v podobi pravega kamna v zunanjem in notranjem delu, tropskega rastlinja kot tudi več sto let starega lesa. Podobo dopolnjujejo motivi planšarske, zemeljske, panoramske in rudniške koče ter atrij z bazeni in savnami.

Z dopolnilnimi programi in storitvami – masažni del v TERMALNEM TEMPLJU, solariji v SVETU DOŽIVETIJ in DEŽELI SAVN, trije lokali v vhodnem delu (frizerski salon, potapljaška prodajalna in prodajalna z opremo za kopanje), sklopom in obiskovalcem prilagojene animacije, gostinska ponudba na sedmih lokacijah ATLANTISA – se VODNO MESTO ATLANTIS uvršča med sodobne evropske vodne parke, tako po arhitekturni podobi kot tudi po bogati vsebinski zasnovi in ponudbi.

WELCOME TO WATER PARK ATLANTIS

ATLANTIS WATER PARK is the latest spectacular addition to BTC City. Thanks to this waterpark of unique architecture and programmes, BTC City has become the largest business, shopping, recreational, entertainment and cultural centre of its kind in Europe, with over 18 million visitors every year.

ATLANTIS is a waterpark, which offers a variety of features to visitors of all generations - to those who go in for adrenaline entertainment as well as those seeking relaxation. There are three interconnected theme areas: ADVENTURE WORLD with children's section, THERMAL TEMPLE and LAND OF SAUNAS with many extra activities. This makes ATLANTIS a real park where spending leisure time will be both fun and relaxing. Each theme area is distinctly designed and offers specific programmes in enjoyable ambience, providing maximum comfort to the visitor.

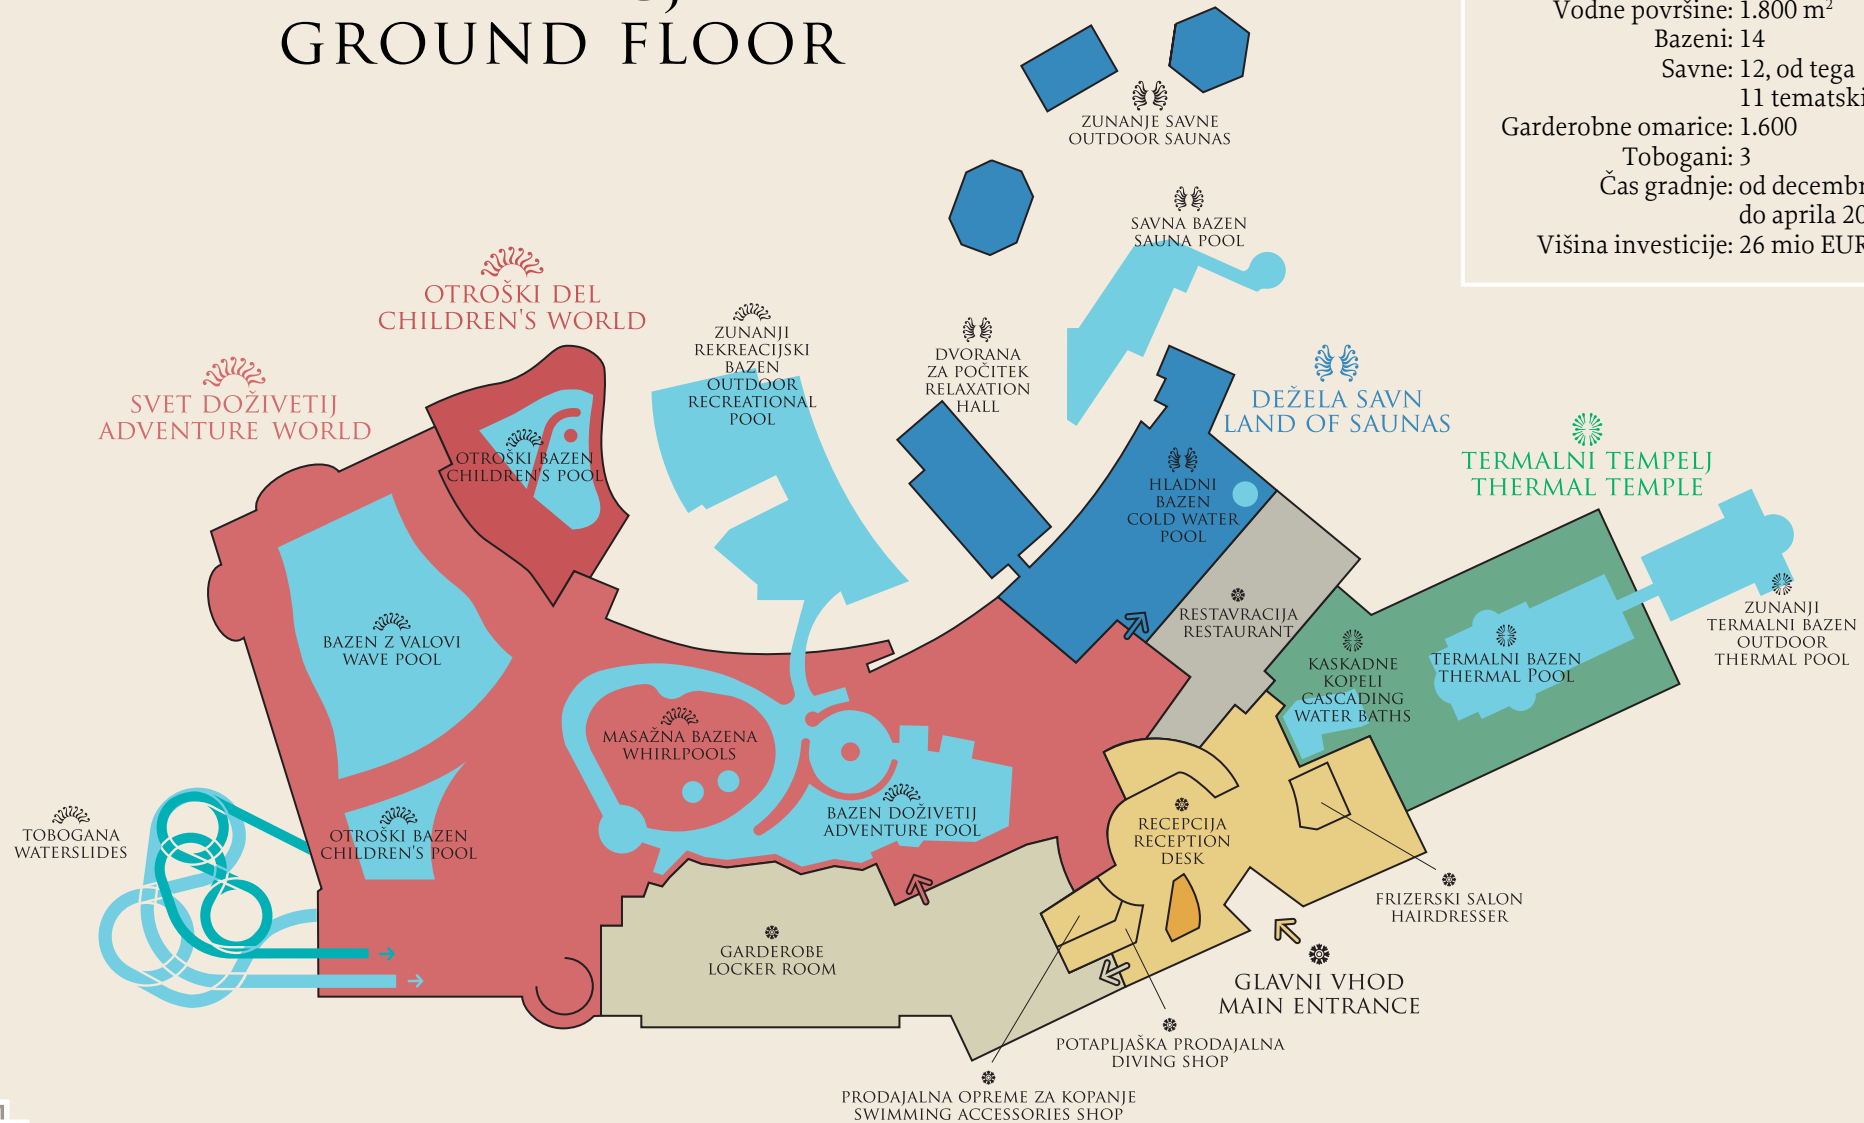

The brainchild of ATLANTIS is the German professor, Dr Rudolf Wienands. Architect Mrs Vera Lovrečič assisted him realizing the project. He designed a unique architectural complex, which combines aesthetic and practical qualities. ATLANTIS reflects its author's bold conception, command of the space and understanding that modern people need more movement and relaxation in order to get away from everyday obligations.

In ATLANTIS different theme areas are dynamically interwoven indoors and outdoors. Each theme area tells its own stories against a wonderful mixture of artificial and natural light and elements, such as natural stone, tropical vegetation and even parts of over 100-year-old wood. In addition to an atrium with pools and saunas there is a colourful scenery of chalets, cabins, panoramic lodges and mine huts.

The accompanying programmes and services, such as the massage area in the THERMAL TEMPLE, solariums in ADVENTURE WORLD and LAND OF SAUNAS, three shops in the entrance area (hairdressers', diving equipment, swimming accessories), special animations in individual areas for different types of visitors and as many as seven bars and restaurants, categorise ATLANTIS WATER PARK as one of the most modern waterparks in Europe in terms of architecture and the variety of its offerings.
